# Introduction To ObjectView FOR \$99

Attend our \$99 one-day "Introduction to ObjectView" seminar. Discover the most powerful Windows-based tool available for creating mission-critical client/server applications—ranging from decision support to on-line complex processing.

## We've Got the Subject Covered

During the eight-hour seminar, you will learn how to produce your own ObjectView™ applications. Here are the primary topics you'll cover during the seminar:

- ▲ Client/server and GUI development
- ▲ Types of applications supported by ObjectView
- ▲ Product walk-through, including object builds and sample applications
- ▲ Demos of sample applications and more discussions of ObjectView mechanics
- ▲ Support services
- ▲ Questions and answers
